

The Unfiltered Truth About Solving Problems

by
Larry Winget

Short Description of the Presentation:

Your ability to solve problems will determine how happy and successful you will be. Larry's "no fluff" approach to everything is both refreshing and entertaining. If you want to hear some straight talk about how to solve problems this presentation is for you.

Steps in Solving Problems

- Never deny that it's a problem
- Problems are opportunities for growth
- Visualize the problem as solved
- Break the problem into very small pieces
- Write the problem down (it gets smaller)
- Get over the "Woe is me" attitude
- What are you going to do about it?
- Take Action: Work your way out of the problem
- Ask for help!
- Do something to actually begin solving the problem
